## **Workshop Content Description**

Morning workshop content: ***IPEDS Data and Benchmarking: Supporting Decision Making and Institutional Effectiveness***

This workshop introduces the fundamentals of benchmarking as a measure of institutional effectiveness. It is designed for individuals with little to no experience in benchmarking studies. Participants use data from the IPEDS Surveys, Data Feedback Reports, and the “Use of Data” section of the NCES website to learn about the types of comparison groups that can be constructed. Exercises demonstrate establishment of key performance indicators (KPIs) and identification of variables to refine comparison groups.

Note: Participants are required to bring a MAC or PC laptop with wireless capability and Microsoft Excel.

## **[IPEDS Workshop Online Registration](#)**

This workshop is limited to 45 participants and workshop seats are allocated on a first-come, first-served basis. Seat confirmations are delivered via email on a rolling basis approximately 3 business days after an online seat registration is submitted.
